My Rights

Coloring Book

Convention on the Rights of the Child

To you as an adult

You play an important role in the lives of the children you meet. You are an enabler!

This colouring book is based on articles from the Convention on the Rights of the Child and is designed to inspire you to have conversations with children about their rights – what those rights mean and why they exist. The articles are written from a child rights perspective, using the first person, “I”, to help children reflect on how each right relates to them personally.

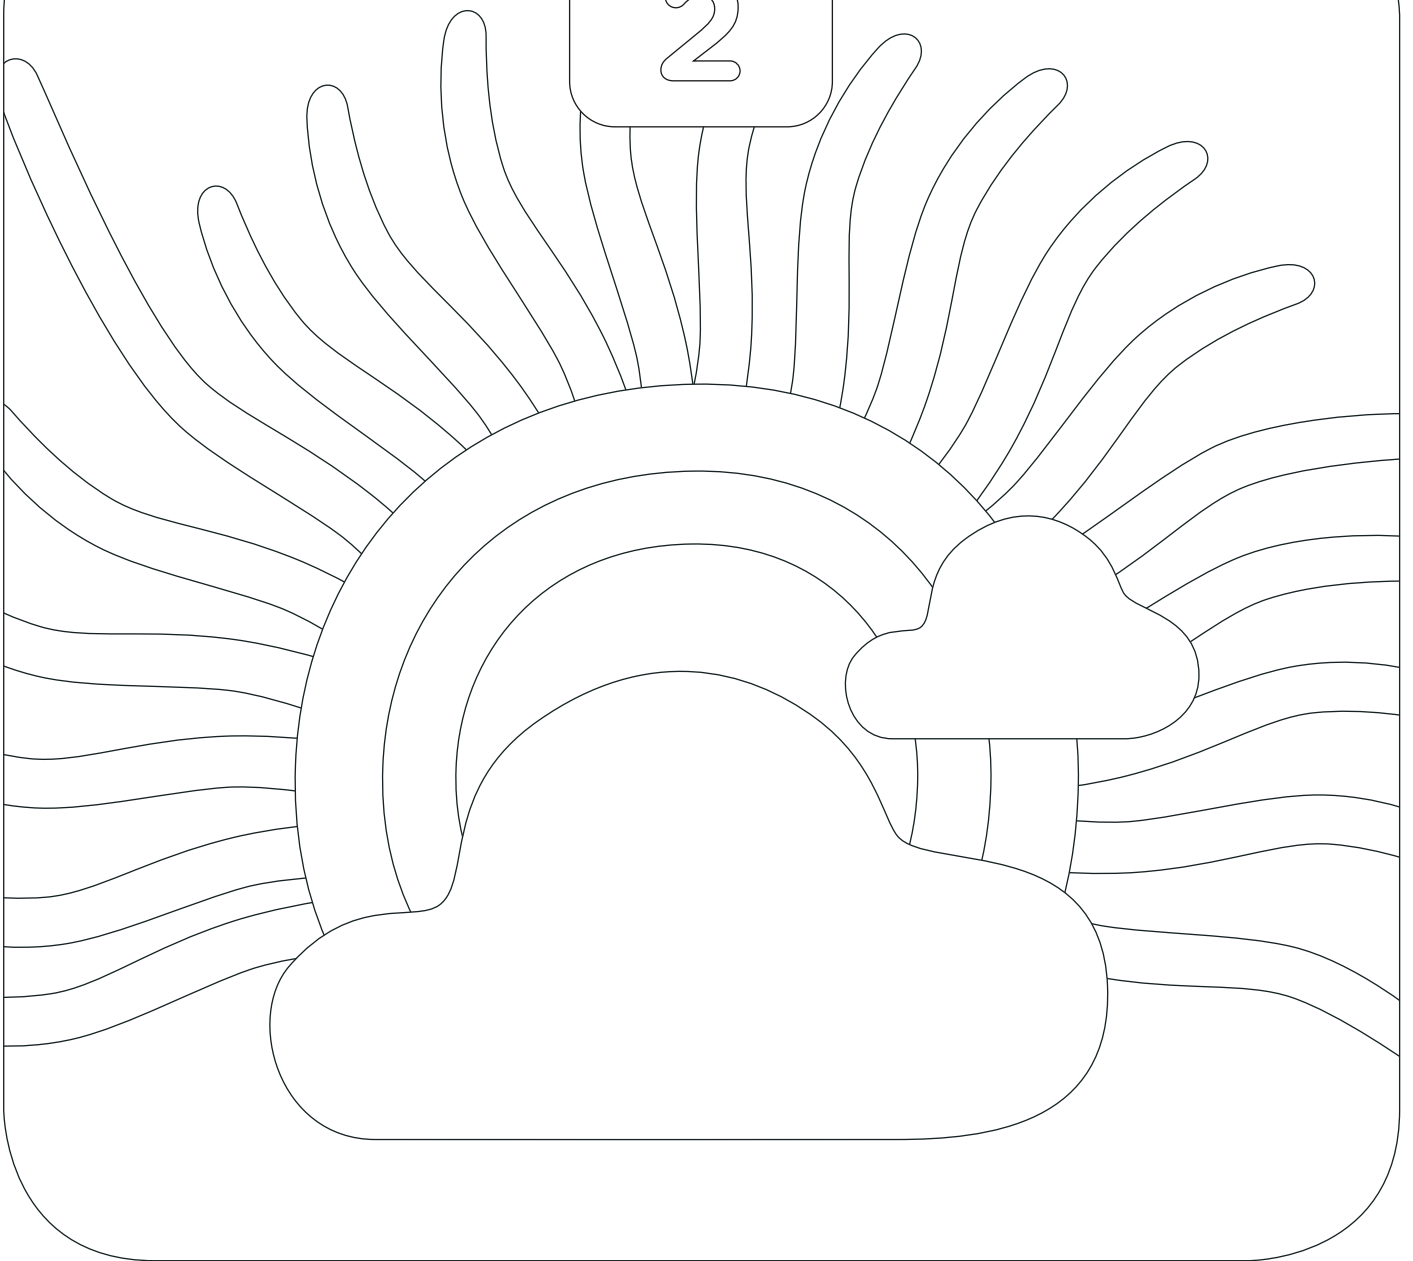

The material has been developed by My Human Rights in collaboration with, and fact-checked by, Save the Children Sweden.
